

# MOHAMMAD SAMIN HASAN

## Quality Engineering Analyst

+917897728974 mohdsaminhasan@gmail.com https://www.linkedin.com/in/mohammad-samin-hasan-7954b1198 India

### SUMMARY

Software tester with 4 years of hands-on experience in both Manual and Automation Testing, proficient in developing and executing comprehensive test plans, test cases, and strategies to ensure software quality. Adept at identifying, documenting, and tracking defects through various testing tools. Proven ability to collaborate with cross-functional teams including developers, product managers, and stakeholders to ensure timely and quality software delivery. Strong expertise in applying testing methodologies, analyzing requirements, and detecting issues early in the software development lifecycle. Possesses an analytical mindset, excellent problem-solving skills, and effective communication abilities that enhance team collaboration and overall project success.

### EXPERIENCE

#### Associate Software Engineer

Accenture 01/2021 - 03/2023 Bangalore, India

Accenture is a global professional services company specializing in IT services and consulting.

- Developed and maintained automated test scripts using Selenium and Java, improving test coverage and reducing manual testing efforts.
- Created Behavior-Driven Development (BDD) tests using Cucumber, writing behaviors and step definitions to enhance collaboration between technical and non-technical teams.
- Proficient in database querying using SQL Server Management Studio (SSMS) and SQL Developer, ensuring accurate validation of data-driven applications.
- Analyzed requirements to prepare detailed test plans, test scenarios, test cases, and test summaries, ensuring thorough test coverage and alignment with business needs.
- Well versed in defect lifecycle management, identified more than 100 defects and their formal documentation in HP ALM following the SDLC principle.

#### Quality Engineering Analyst

Accenture 03/2023 - 01/1970 Gurugram, India

Accenture is a global professional services company specializing in IT services and consulting.

- Authored and reviewed detailed manual test scripts, ensuring comprehensive test coverage and alignment with project requirements.
- Identified, tracked, and reported bugs using bug tracking tools like Azure DevOps and Val Genesis, facilitating efficient defect resolution across multiple releases.
- Managed multiple releases independently, overseeing system interfaces and ensuring seamless integration and functionality in a fast-paced environment.
- Applied Agile Scrum methodology to actively participate in sprints, collaborate with cross-functional teams, and deliver high-quality software solutions.
- Performed extensive sanity testing, system testing, integration testing, regression testing, and User Acceptance Testing (UAT) to validate software functionality and reliability.
- Mentored and guided new associates through the knowledge transfer process, enhancing onboarding efficiency and ensuring seamless team collaboration.

### EDUCATION

#### Bachelor's degree

Galgotias University 09/2016 - 07/2020 Greater Noida, India

### PROJECTS

#### GSK Veeva Vault

01/2021 - 10/2023 Bangalore, India

GlaxoSmithKline plc is a British multinational pharmaceutical company having three global businesses that research, develop and manufacture innovative pharmaceutical medicines, vaccines, and consumer healthcare products. Primary objective of the project being, migration of the legacy Clinical Trial Management System (CTMS) to a cloud enterprise content management platform called Veeva Vault built over Salesforce platform.

#### Veeva QMS

10/2023 Gurugram, India

Veeva is one of Life sciences industry applications. Under Veeva application, the current project is mainly focused on Quality Documents and Quality Management System. Quality Documents is to create and maintain documents by different users in different lifecycle stages. Quality Management System streamlines and simplifies quality processes.

### SKILLS

Test Automation		Manual Testing	Java
Selenium	SQL	Cucumber	
Functional Testing		Integration Testing	
Sanity Testing		Regression Testing	
Exploratory Testing			

### TOOLS

- Veeva Vault • Denodo • SQL Server Management Studio
- SQL Developer • IntelliJ • Azure DevOps • HP ALM
- Val Genesis

### KEY ACHIEVEMENTS

- Awards and Recognition**  
Received Extra Miler and Catalyst Award from Accenture, showcasing outstanding contributions and dedication to project success.
- Awards and Recognition**  
Received Star of the Month Awards from GSK and Bayer, reflecting exceptional performance in project delivery.
- Awards and Recognition**  
Received recognition points from peers for contributions to project, emphasizing teamwork and collaboration.
